

### **Testimonials from previous attendees of the Congregational Care Ministry Seminar:**

"Our first group of Congregational Care Ministers completed training in July and have already become deeply engaged in their ministry. The materials you have developed were excellent and easily adapted to fit our setting. CCM provides a way to invite others into leadership, to gain a deeper understanding of the call to care for one another, and to serve in a way that intersects with their gifts and the congregation's needs." (Pastor Linda – St. Louis, MO)

"I just wanted to take a moment thank you for the WONDERFUL conference. I came away refreshed and energized. I found much of the information valuable and usable. Thank you for your ministry!" (Pastor Jan – Pratt, KS)

"We attended your CCM conference in the spring of 2012 and since have launched our own CCM ministry. We are a year in now and are thrilled with the results and the way in which we have been able to multiply care. Pastor Dave – Oklahoma City, OK Pastor Dave - Oklahoma City, OK The three laity that I brought to CCM training won't keep quite :- ) they are thrilled with the experience and the opportunity to implement what we learned...The process is very applicable in our much smaller context, it is also desperately needed. I am the only Pastor with approximately 300 active members and the laity were reluctant to believe they could share in the care-giving ministry until they experienced the CCM workshop at Church of the Resurrection." (Pastor Kenny – Great Bend, KS)

"...we were greeted with warmth and hospitality and quickly found that the staff and volunteers at the Church of the Resurrection were equipped to share practical tools that could be adapted for use in our ministry setting...The initial training we received at the Seminar became the catalyst for helping us to identify a path that is leading to implementation of our own version of Congregational Care Ministry. We feel good about what we are doing and are thankful for the witness and resourcing we received to get us started. I believe that churches of any size can benefit from this excellent training."
